Projects

1) Casa Palette

Mobile App and Desktop Website, Product Designer, 2024

- a) The project focused on creating an user-friendly interface with clearly defined categories like tables, sofas, beds, chairs, lamps, and mirrors.
- b) Key features include customizable filters, personalized inspiration sections, and a clean, modern layout to enhance usability.
- c) A streamlined home décor app with intuitive navigation and categorized shopping.

2) Budget Compass

Mobile App, UI Designer, 2024

- a) Budget Compass is a budget tracking app designed to help users manage their finances efficiently.
- b) The app enables users to create and track budgets, monitor spending, and find opportunities to save money.
- c) It aims to simplify financial management for a broad audience.

3) Track Ease

Mobile App, Product Designer, 2024

- a) Track Ease is a task management platform aimed at helping users track projects and manage workflows efficiently.
- b) Streamline the shipment calculation process for users to minimize time and effort.
- c) Reduce the number of user errors by simplifying input fields and adding validation.

4) SNS (Sports News & Score)

Mobile App, UI Designer, 2024

- a) Project aimed at creating a seamless digital platform for sports enthusiasts.
- b) The application combines real-time updates on sports events with comprehensive news coverage in a visually appealing and highly functional interface.
